Cash and cash equivalents at period end	\$ 114,913	—	\$ 114,913	—

(1) Adjusted EBITDA is a non-GAAP financial measure. For a definition of the measure and a reconciliation to the most direct comparable GAAP measure, see "Reconciliation of Non-GAAP Results to GAAP Results."

"Our robust second quarter performance reflects continued business execution, resulting in 29% revenue growth and our second consecutive quarter of Adjusted EBITDA profitability. We expanded our covered lives to over 145 million, launched our Medicare offering in 12 states, and made strides in optimizing our marketing efforts," said Dr. Jon Cohen, CEO of Talkspace.

Dr. Cohen added, "This positive momentum stems from our ongoing commitment to enhancing both provider experience and patient journey, while focusing on product quality - key differentiators for Talkspace. I'm encouraged by our results, which underscore our dedication to making high-quality mental health care more accessible."

Second Quarter 2024 Key Performance Metrics

- Revenue increased 29% over the prior-year period to \$46.1 million, driven by a 62% year-over-year increase in Payor revenue and a 20% year-over-year increase in Direct to Enterprise ("DTE") revenue; partially offset by a 28% year-over-year Consumer revenue decline.
- Gross profit increased 18% over the prior-year period to \$21 million, and gross margin declined to 45.5% from 50% in the prior-year period, driven by a shift in revenue mix towards Payor.
- Operating expenses were \$24.4 million, an increase of 1% year-over-year, driven primarily by higher general and administrative expenses.
- Net loss was \$(0.5) million, an improvement from \$(4.7) million net loss in the second quarter of 2023, primarily driven by an increase in revenues, partially offset by an increase in cost of revenues.
- Adjusted EBITDA was \$1.2 million, an improvement from \$(4.0) million in the second quarter of 2023, primarily driven by an increase in revenues, partially offset by an increase in cost of revenues.

Financial Guidance

Talkspace continues to expect fiscal year 2024 revenue to be in the range of \$185 million to \$195 million, growth of 23-30%, and adjusted EBITDA to be in the range of \$4 million to \$8 million.

Share Repurchase Program

During the second quarter of 2024, Talkspace repurchased \$8.0 million of common stock under its initial share repurchase program. On August 1, 2024 the Company's Board of Directors approved an additional share repurchase program authorizing the Company to repurchase up to twenty-five million dollars (\$25 million) over the next 24 months. With the new authorization, the Company may repurchase, in aggregate, up to thirty-two million dollars (\$32 million) of its outstanding shares of common stock during the remainder of the programs. The Company may repurchase the shares periodically through various methods in compliance with applicable state and federal securities laws. The timing of purchases and the target number of shares will be determined by Management at its discretion based on an evaluation of the Company's stock price, market conditions and other corporate considerations. Such repurchases will be funded from cash on hand. The repurchase program may be modified, suspended, or discontinued at any time at the Company's discretion without prior notice.

Conference Call, Presentation Slides, and Webcast Details

The Second Quarter 2024 earnings conference call and webcast will be held Tuesday, August 6, 2024, at 8:30 a.m. E.T. The conference call will be available via audio webcast at investors.talkspace.com and can also be accessed by dialing (888) 330-2391 for U.S. participants, or +1 (240) 789-2702 for international participants, and referencing participant code 2348878. A replay will be available shortly after the call's completion and remain available for approximately 90 days.

About Talkspace

Talkspace (NASDAQ: TALK) is a leading virtual behavioral healthcare provider committed to helping people lead healthier, happier lives through access to high-quality mental healthcare. At Talkspace, we believe that mental healthcare is core to overall health and should be available to everyone.

Talkspace pioneered the ability to text with a licensed therapist from anywhere and now offers a comprehensive suite of mental health services, including therapy for individuals, teens, and couples, as well as psychiatric treatment and medication management (18+). With Talkspace's core therapy offerings, members are matched with one of thousands of licensed therapists within days and can engage in live video, audio, or chat sessions, and/or unlimited asynchronous text messaging sessions.

All care offered at Talkspace is delivered through an easy-to-use, fully-encrypted web and mobile platform that meets HIPAA, federal, and state regulatory requirements. More than 151 million Americans have access to Talkspace through their health insurance plans, employee assistance programs, our partnerships with leading healthcare companies, or as a free benefit through their employer, school, or government agency.

Forward Looking Statements

This press release contains certain forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995, as amended. All statements contained in this press release that do not relate to matters of historical fact should be considered forward-looking, including statements regarding our financial condition, anticipated financial performance, achieving profitability, business strategy and plans, market opportunity and expansion and objectives of our management for future operations. These forward-looking statements generally are identified by the words "anticipate," "believe," "contemplate," "continue," "could," "estimate," "expect," "forecast", "future", "intend," "may," "might", "opportunity", "plan," "possible", "potential," "predict," "project," "should," "strategy", "strive", "target," "will," or "would", the negative of these words or other similar terms or expressions. The absence of these words does not mean that a statement is not forward-looking. Forward-looking statements are predictions, projections and other statements about future events that are based on current expectations and assumptions and, as a result, are subject to risks and uncertainties. Many important factors could cause actual future events to differ materially from the forward-looking statements in this press release, including but not limited to factors and the other risks and uncertainties described under the caption "Risk Factors" in our most recent Annual Report on Form 10-K filed with the Securities and Exchange Commission ("SEC") on March 13, 2024, subsequent quarterly reports on Form 10-Q and our other documents filed from time to time with the SEC. These filings identify and address other important risks and uncertainties that could cause actual events and results to differ materially from those contained in the forward-looking statements. Forward-looking statements speak only as of the date they are made. Readers are cautioned not to put undue reliance on forward-looking statements, and we assume no obligation and do not intend to update or revise these forward-looking statements, whether as a result of new information, future events, or otherwise unless required to do so under applicable law. We do not give any assurance that we will achieve our expectations.

Non-GAAP Financial Measures

In addition to our financial results determined in accordance with GAAP, we believe adjusted EBITDA, a non-GAAP measure, is useful in evaluating our operating performance, and our management uses it as a key performance measure to assess our operating performance. Because adjusted EBITDA facilitates internal comparisons of our historical operating performance on a more consistent basis, we use this measure for business planning purposes and in evaluating acquisition opportunities. We also use adjusted EBITDA to evaluate our ongoing operations and for internal planning and forecasting purposes. We believe that this non-GAAP financial measure, when taken together with the corresponding GAAP financial measures, provides meaningful supplemental information regarding our performance by excluding certain items that may not be indicative of our business, results of operations or outlook. We believe that the use of adjusted EBITDA is helpful to our investors as it is a metric used by management in assessing the health of our business and our operating performance. However, non-GAAP financial information is presented for supplemental informational purposes only, has limitations as an analytical tool and should not be considered in isolation or as a substitute for financial information presented in accordance with GAAP.

Some of the limitations of adjusted EBITDA include (i) adjusted EBITDA does not necessarily reflect capital commitments to be paid in the future and (ii) although depreciation and amortization are non-cash charges, the underlying assets may need to be replaced and adjusted EBITDA does not reflect these requirements. In evaluating adjusted EBITDA, you should be aware that in the future we will incur expenses similar to the adjustments described herein. Our presentation of adjusted EBITDA should not be construed as an inference that our future results will be unaffected by these expenses or any unusual or non-recurring items. Our adjusted EBITDA may not be comparable to similarly titled measures of other companies because they may not calculate adjusted EBITDA in the same manner as we calculate the measure, limiting its usefulness as a comparative measure. Adjusted EBITDA should not be considered as an alternative to loss before income taxes, net loss, loss per share, or any other performance measures derived in accordance with U.S. GAAP. When evaluating our performance, you should consider adjusted EBITDA alongside other financial performance measures, including our net loss and other GAAP results.

A reconciliation is provided below for adjusted EBITDA to net loss, the most directly comparable financial measure stated in accordance with GAAP. Investors are encouraged to review our financial statements prepared in accordance with GAAP and the reconciliation of our non-GAAP financial measure to its most directly comparable GAAP financial measure, and not to rely on any single financial measure to evaluate our business. We do not provide a forward-looking reconciliation of adjusted EBITDA guidance as the amount and significance of the reconciling items required to develop meaningful comparable GAAP financial measures cannot be estimated at this time without unreasonable efforts. These reconciling items could be meaningful.

Adjusted EBITDA

We calculate adjusted EBITDA as net loss adjusted to exclude (i) depreciation and amortization, (ii) interest and other expenses (income), net, (iii) tax benefit and expense, (iv) stock-based compensation expense, and (v) certain non-recurring expenses, where applicable.
